

My name is Susan Shea. I am running for a position on the East Bonner County Library Board of Trustees. I believe in public service in support of the community and I passionately support the freedom to read. When I first saw the notice for the Library Trustee election my first thought was "Hey, I want to do that!" I have more than 30 years of accounting and financial experience to contribute. During the 24 years I have lived in Bonner County I have been employed with Coldwater Creek, Inc. as their Accounts Payable Manger, with Bonner County as their Director of Indigent and Charity and with Southside Water & Sewer District as their Financial Administrator. I am currently employed as an Accountant with Platte &

Associates. I believe that diversity is the key to a successful Board and should be representative of the people it serves. I have seen the Bonner County library grow from it's haunted, cramped quarters on Second Avenue to a vibrant, community oriented, modern facility. I would like to serve the community of Bonner County and to be a part of the future of the east Bonner County Library by serving as a Library Trustee.
